Kayla Okins, Clerk 03/17/2026

**Town of Peshtigo Fire Department Report to the Town Board
April 21st, 2026**

14 Calls since the March 17th, 2026 Monthly Town Board meeting:

3/18/26	US Hwy 41 at Access Rd 4, Vehicle Crash
3/19/26	W1855 STH 64, Alarm Activation
3/25/26	N3502 County RW, Carbon Monoxide Incident
3/29/26	N1496 County BB, Controlled Burn - Extinguished
3/29/26	N2515 Shore Drive, EMS Assist
3/30/26	N2904 Green Gable Road, EMS Assist
4/2/26	W1345 Krause Road, Vehicle Fire
4/2/26	N2511 Shore Drive, Smell of Gas
4/2/26	N1450 Shore Drive, Downed Powerlines
4/2/26	W3553 County B, Arcing Powerlines
4/4/26	3415 Pierce Ave, Marinette, Mobile Home Fire (MABAS Assist)
4/6/26	N2981 Schacht Road, Smoke Alarm Activation
4/11/26	W5631 County Rd 342, Wallace, MI, Water Search (MABAS Assist)
4/16/26	W3109 STH 64, Alarm Activation

Apparatus and Equipment Status:

- Our new fire engine (E-205) will be going into Red Power Diesel for some warranty work within the next several weeks once E-207 is placed back into service. It will be out of service for about a week.
- Engine 207 has been temporarily taken out of service until some repairs can be made to alleviate corrosion on some steps, components and paint bubbling on compartment doors.
- Once both E-205 and E-207 are both placed back into service, our old engine 205 will be prepped and listed for surplus sale. Chief is currently investigating sale options.

Training:

- 12 firefighters attended wildland fire training taught by local DNR staff on March 30th.
- 15 firefighters attended relay pump training on Monday, April 20th

Fire Prevention, Education and Community Involvement:

- We will be providing traffic control and event safety for this weekend's Bellin 5K Heart Run on Saturday, April 25th. Roosevelt Rd will be closed from University Ave. to Rader Rd. during the run.

Fund Raising & Donations:

- Thank you to all who came out to the Moose Lodge for our fund-raising event on April 25th. It was a great success with over \$2,400 raised.
- TOPFD Supporter T-Shirts are still available for \$25 each with proceeds going to raise funds for the purchase of equipment for our new engine.

Personnel:

- **Nick Baldwin** resigned from the department on April 16th after being hired full time with the City of Menominee Fire Department.
- Our roster currently stands at 20 volunteer firefighters. We are currently accepting applications.

Mike Folgert
Fire Chief

March 2026 Constable Report

- 03/01 Received call on found dog on corner of Leaf and Krause Roads - picked up black/white Shih Tzu type dog
- 03/02 Returned dog to Michael Pepper
- 03/20 Dead deer in middle of road – moved to side and called Road Foreman
- 03/26 Resident on Pond Road called me to pick up stray cat

2026-2027 WTA DUES INVOICE

County:	MARINETTE	Town:	PESHTIGO
----------------	------------------	--------------	-----------------

Over the last decade, WTA has provided more learning opportunities, additional educational programs (such as road school, clerk college, clerk bootcamp), and adapted to an increased volume of legal hotline calls. Through the **Town Advocacy Council (TAC)**, the legislative advocacy arm of WTA, we have also helped lobby the state and federal government to adopt **118** initiatives into law and directly invest an additional **\$1.2 BILLION** into town government over that same timeframe. Below, you will find the level of additional funding your town has received from 2015 to the end of this biennium for only those initiatives listed. The impact of TAC on your town is much greater when you consider the additional funding and cost savings generated from the other 100+ laws.

Increased General Transportation Aids	\$472,879.77
Increased Shared Revenue	\$412,092.63
Increased Payment in Lieu of Taxes	\$71,332.41
Total	\$956,304.82

Much of that success is due to increased investment by nearly two-thirds of WTA members in the TAC membership. Without their collective investment, your town would not have benefited from the victories noted above. Because everyone wins from TAC, the Board of Directors has chosen to begin phasing in the requirement that all towns invest in TAC. If this proves a significant hardship to your town/village, you can request an exception by discussing your situation with the Executive Director.

#51100-52424

Return this portion with your payment.

✂

DUES CATEGORY – MARINETTE - PESHTIGO		AMOUNT
A. WTA Membership Dues for 2026-2027		\$1,455.00
B. <u>FULL</u> TAC Membership Dues for 2026-27		\$996.25
C. <u>REQUIRED</u> TAC Membership Dues for 2026-27		\$250.00
Thank you. Your town has historically been a full TAC member. If you would like to downgrade your membership, you can choose to pay the amount in line C instead of line B.		
D. TOTAL ENCLOSED (CIRCLE AND ENCLOSE ONE)	(line a + b)	\$2,451.25
	(line a + c)	\$1,705.00

Re: Mechanical Service Proposal

To provide a complete comprehensive maintenance program designed to keep your equipment in good working order, we are pleased to present the following service\maintenance program for your facility.

Under the maintenance agreement we will provide system checkout and maintenance of all system components listed on the proposed maintenance agreement.

The maintenance agreement covers equipment such as:

Boilers

Pumps

Condensing units

Air handling units

Filter changes

Hvac Controls

Alarm monitoring

We appreciate the opportunity to provide a proposal on this important piece of work, and hope to have an early opportunity to be of service.

Should you have any questions, please do not hesitate to call me.

Sincerely,
Paul Kreiling

We propose to furnish ACC Planned Service according to the terms and conditions hereinafter set forth.

Under this agreement, we will maintain the mechanical system consisting of the components described in Schedule 1.

This maintenance service will be provided at the following
Location: 2435 Old Peshtigo Rd Marinette, WI 54143

ACC Planned Service includes planned, preventative maintenance **2** times per year on approximately the following schedule: (**6** month intervals.) Spring and Fall

(1) PLANNED PREVENTATIVE MAINTENANCE

Planned preventative maintenance calls shall include the following services as required and applicable to keep your system operating properly:

Check performance of all components as marked.

Examine, adjust, calibrate, lubricate, and clean all system components including:

- | | |
|----------------------------|-------------------------------------|
| x(1) Thermostats | x(11) Water Strainers |
| x(2) Temperature controls | x(12) Air Filters |
| x(3) Automatic controls | x(13) Condensing units for |
| x(4) Control Motors | air conditioning |
| x(5) Electric Starters | x(14) Refrigerants |
| x(6) Water Circ. Pumps | (15) Air grills and dampers |
| x(7) Electric Motors | x(16) Combustion units and controls |
| x(8) Belts | for boilers |
| x(9) Belt Drives | x(17) Direct Expansion Valves |
| (10) Steam Traps | x(18) Supply and Exhaust Fans |

(2) PREVENTATIVE MAINTENANCE SERVICE

All planned, preventative maintenance service work under this agreement is to be performed during the regular working hours of our regular working day.

(3) EMERGENCY SERVICE (Extra)

Emergency service available 24 hours per day 365 days per year.

(4) PARTS AND COMPLETE REPLACEMENT (Extra)

Under this agreement we will repair or replace worn parts or complete components with new parts or reconditioned components. It is understood that this undertaking by us applied only to the systems and mechanical equipment covered in this agreement.

It is agreed that under this agreement we are not to make replacements or repairs necessitated by reasons of negligence or misuse of the equipment or by reason of any other cause beyond our control except ordinary wear and tear.

(5) SPECIAL CONDITIONS

We shall not be required to make safety tests or to install new attachments or additional controls or equipment as recommended or directed by any insurance company or laboratory or governmental authority, or to make replacements mentioned herein with parts or devices of a different design for any reason whatsoever.

It is agreed that you will provide reasonable means of access to all devices, which are to be serviced. We shall be free to start and stop all primary equipment incidental to the operation of the mechanical system as arranged with your representative.

Our responsibility for injury to persons or property that may be caused by or arise through the maintenance, service functioning, or use of the system shall be limited to injury caused directly by our negligence in performing our obligations under this agreement. In no event shall we be liable for consequential or speculative damages.

We shall not be liable for any loss, delay, injury or damage, whether direct or consequential, that may be caused by conditions beyond our direct control including, but not limited to, acts of government, strikes, lockouts, fire, explosion, theft, riot, civil commotion, war, malicious mischief, floods and other acts of God.

The following items pertaining to the system are not included under this agreement.

The replacement or repair of non-moving parts of heating, cooling and ventilation equipment, such as fan ductwork, boiler shell and tubes, unit cabinets, boiler refractory material etc.

Maintenance or repair of electrical wiring, drains, plumbing, oil storage tanks, oil and or gas lines and domestic water lines and equipment.

ACC PLANNED SERVICE shall commence on the first day of: May, 2026 and shall continue for a period of one year and from year to year thereafter until terminated. Either party may terminate this agreement by giving written notice 30 days prior to the anniversary date of this agreement.

As the contract price hereunder, you agree to pay us the annual amount of **\$ 2,706.00 payable** in advance semi-annually. (Two payments of \$ 1,353.00 per year)
Year 2 amount: \$ 2,788.00, Year 3 amount: \$ 2,870.00, Year 4 amount: \$ 2,956.00, Year 5 amount: \$ 3,045.00.

It is further agreed that the contract price shall be adjusted yearly based on our prevailing costs of labor compared to these costs at the beginning year shall be sent to you 60 days prior to the anniversary after which it would become effective.

This proposal is hereby accepted:

Delta Controls enteliWEB renewal notice

From Office <office@automatedcomfort.com>

Date Tue 3/17/2026 1:33 PM

To Town of Peshtigo Chair <topchair@townofpeshtigo.wi.gov>

Offer to Renew:

enteliWEB: 200

Site Name: Peshtigo Town Hall

License: i4wN6-fPK3B-HNMrR-F3HeD-vbW9E-jfYYT

Expiry Date: 13 May 2026

Hello,

The Delta enteliWEB software subscription for your facility is set to expire on **13 May 2026**; the cost to renew is **\$245.00**. This renewal allows the software to be upgraded to the latest Delta version and to keep it current. Your new expiry date will then be **13 May 2027**.

You can choose to complete the license renewal yourself with directions that are sent after the licenses is renewed, or you can have an ACC Technician complete the renewal of the license for you. The labor to do so will be charged at \$150/hour.

It is ACC's recommendation to keep current on your enteliWEB subscription. To renew your software subscription, please respond to this email and include a purchase order or approval as needed. Please indicate if you will be completing the renewal or if you'd like an ACC technician to do so.

Please reach out if you have any questions,

Patricia

Description

A common misconception by customers, or perhaps a simple misunderstanding, is that the purchase of enteliWEB is a one time purchase. Once they have the software installed why would they need to incur the cost of maintenance of the yearly subscription? Certainly once it is installed and running, it could potentially be used for years as is.

There are great benefits to keeping the software up to date, whereas lagging too far behind the versions has potential pitfalls. The main point to make is that the importance of keeping the software up to date should not be ignored.

Solution

Benefits

- **New features** with each update.
- **Improvements** in the user interface, workflow and other enhancements.
- **New product support:** As new products are released, older versions won't have the support for these products (like V4 hardware and firmware).
- **Bug fixes:** As with any software, there are bugs no matter how hard we try to develop, test, and fix before a release. When bugs are encountered we often offer patches in the current version, and ultimately the fix is rolled into the next release.
- **Security/vulnerability fixes:** Similar to bug fixes, cyber security vulnerabilities may be patched in the current version, and are added to the next version. Note: For the latest cybersecurity information and bulletins, see the [Cybersecurity Resources](#) page.
- **enteliWEB product support:** Full product support for versions released within a 2 year window.
- **Windows compatibility** Latest versions are tested with updated versions of Windows including recent service patches and updates.

Dangers of lagging too far behind

The biggest issues with falling to far behind in software versions are related to bugs, upgrades, and product support.

- **Bug fixes:** Patches and fixes are not rolled into older versions of the software.
- **Cyber Security:** Like bugs, these are not rolled into older versions.
- **Supported Versions:** As the software progresses and new versions are added, it is not possible to support all previous versions, it just isn't feasible. enteliWEB versions older than 2 years have limited support, in that support is usually limited to documentation, known issues,

and basic product support. No further development including problem investigation or bug fixes is initiated on versions older than 2 years.

- **Upgrade Issues:** The longer you wait between upgrades the more chance that the upgrade will not complete without issue. The more versions that have been released since initial install the more things have changed or been added to the software. Upgrade compatibility and testing for every released version to the latest isn't possible. In many cases upgrading from old versions could result in lost data and software configuration, and you will have to rebuild it.

We understand the logistics and difficulty of keeping up with the latest version. Certainly keeping the software up to date as much as possible, say within the 2-year supported window, should be the minimum maintenance schedule.

CODE OF ORDINANCES TOWN OF PESHTIGO, WISCONSIN

CHAPTER 12 BUSINESS REGULATION AND TAXATION

ARTICLE III. ALCOHOL BEVERAGES

(Ord. No. 202411-25, 11/19/2024)

Sec. 12-31. Continuing business license requirements.

- A. It shall be a condition of maintaining and keeping a license in the town that the licensee continue in business. Issuance of, or retention of, a license by a party not doing business or intending to resume doing business under conditions of this chapter, as defined as follows, is declared to be against public policy, and thus lacking in usefulness.
- B. Any license issued pursuant to this chapter shall be subject to such further regulations and restrictions as may be imposed by the town board by amendments or by the enactment of new ordinances. If any licensee shall fail or neglect to meet the requirements imposed by such law restrictions and regulations, his license may be revoked in accordance with this chapter. In the event of revocation of any license or any violations of any provisions of this chapter, or by the court for any reasonable cause except the imposition of new restrictions, no refund shall be made of any part of the license fee.
- C. The term "business continuation" of a license is hereby defined to mean as follows: Should a license issued under this chapter not be used within 60 days after its issuance and/or adoption of the ordinance from which this chapter is derived, such situation may be grounds for cancellation of the license in accordance with the provisions of this section. In addition, all persons issued a license to sell alcohol beverages in the town for which a quota exists limiting the number of such licenses that may be issued by the town shall cause such business described in such license to be operated on the premises described in such license for at least 150 days during the terms of such license, unless such license is issued for a term of less than 180 days, in which event this subsection shall not apply.
- D. Holders of such licenses are required to possess the following: A premises (facility) from which to conduct business, sanitary permit, building permits, conditional use permits (CUPs) when required in accordance with the county zoning and shoreland protection ordinance, and meeting of any other requirements under the provisions of the county ordinance. Further, holders of such licenses must possess necessary federal I.D. numbers, state sales tax numbers, and shall meet and continue to meet on an ongoing basis all other state and federal requirements. Approval by the town board must also be obtained.
- E. Exceptions to these requirements to continue to possess a necessary license would be any act of God which may damage or destroy the facility for which the license has been issued to operate the business from. In such cases, the holder of the license will be allowed a maximum of one year to repair damages or rebuild the damaged or destroyed facility and again resume operating the business from the premises for which the license issued was intended. The holder of a license of a damaged or destroyed business shall also be required to meet with the town board at that board's discretion to discuss the situation and progress. Again, the board reserves the right to revoke such license if, in its opinion, progress toward repair or rebuilding is

not progressing in a timely manner. In such cases, the holder of the license has the express right to request a hearing, and any other appeal avenues which may be available to the license holder.

(Code 2006, § 7-2-17(c)(1)—(5); Ord. No. 202411-32, 11/19/2024)
